

Frightfully smart jack-o'-lanterns

TIP 1

Start with the small pieces first, especially those in the center.

TIP 2

Jack-o'-lanterns will last only a few days, so don't carve too early!

TIP 3

Position of bats may need adjusting for your pumpkin. Keep together as a pair.

INSTRUCTIONS **1** Select pumpkin. **2** Scale template for pumpkin using printer settings and print. **3** Cut out shaded areas from print-out. **4** Attach print-out to pumpkin. **5** Trace cut-out areas. **6** Carve your pumpkin!

Paul Dirac-ula

Paul Dirac (1902–1984) formulated the Dirac equation, which explained the behavior of a type of subatomic particles called fermions and predicted the existence of antimatter.
