

Frightfully smart jack-o'-lanterns

TIP 1

Start with the small pieces first, especially those in the center.

TIP 2

Jack-o'-lanterns will last only a few days, so don't carve too early!

INSTRUCTIONS **1** Select pumpkin. **2** Scale template for pumpkin using printer settings and print. **3** Cut out shaded areas from print-out. **4** Attach print-out to pumpkin. **5** Trace cut-out areas. **6** Carve your pumpkin!

Scary Curie

Marie Curie (1867–1934) studied radioactive elements polonium and radium. She won Nobel Prizes in both physics and chemistry.
